The Cielo in Phoenix is soon to be under construction at 3625 North Central in the central corridor. It is sure to be a wonderful addition to the apartment, condo, rental property and real estate community. The Cielo is going to be a luxury 36 story high rise condominium building with several different floor plans, ranging from one bedroom studios to three bedroom residences. There will be a five story loft building on the top of the lower level shopping. Its contemporary design and interior frill it offers an abundance of amenities, from jetted tubs to sub zero refrigeration units. The site will offer approximately 500 residential units with 475 condos and 25 lofts and is located just North of Downtown. The convenience of shopping and dining will be next to unbeatable.

This is one of the most impressive structures to grace Phoenix. There will be secured 6 story garage parking as well as ground level retail shopping. This structure will have a pool, a spa, a gym, golf, a common room, a drive-in movie theater, a barbecue area and a dog run. Only being a short distance from the future light rail traveling in style will be a step away. On the roof of this magnificent structure will be a cloud nine roof top deck for lounging, sun and allowing residents for spectacular views of the city. There will also be an Olympic sized outdoor swimming pool on the third level. The ambitious builders for this project are, 4D Development and Milbank Real Estate. Such creativity comes from great minds. Such great minds give us so much to enjoy from comfortable living to extreme visual stimulation and pleasure. There use of form and function extraordinary. These dreamers have brought there dreams into reality for all of us to enjoy. You can stop into the office and take a look at the model and speak to a representative who can give you all the need to knows about this building. The office is located at 3625 North Central Avenue in down town Phoenix.
